

# FINANCIAL POLICY

Our first priority is to provide the best possible care for our patients. In order to consistently do so, we must request that payment be received at the time services are rendered. We also try to consider our patients' financial needs, and for your convenience, accept several payment options.

**CASH**

**CHECKS**

**VISA**

**MASTERCARD**

**CARE CREDIT**

You are required to pay your co-payments, deductibles, and what your insurance does not cover, at time of service.

\*\*\*As a courtesy to our patients, we will file insurance claims for you. However, any unpaid insurance balance over 60 days old will become the **patient's financial responsibility** and will be due upon notification. Major restorative treatment, onlays, crowns, and bridges are not always covered under dental insurance policies. **Please check with your insurance company before entering treatment.**

\*\*\*If you do not have dental insurance, you are required to pay the entire amount due at the time services are rendered.
